**Warnings**

- No lightning and marking is established.
- Occasionally great roll resistance, often during April and May.
- Slippery when wet.
- There is no systematically routine for cutting the grass before it is too high.
- It may be animals or other foreign objects on the RWY.

**Parking**

- P1 is the main parking area.
- P2 is the secondary parking area.

**Other**

- Safety procurement given by the NCAA: Aircraft must be secured against theft and vandalism. Report suspicious activity to police (phone +47 02800).
- Bad mobile coverage in the airfield area.
- We now ask for voluntary payment for use of the airfield and the facilities. Please search for the "Engeløy flyplass" in the VIPPS mobile APP if you want to contribute.
